I snapped both of these pictures in quick succession, just taking long enough to zoom in for the second. Damn the Torpedoes, Full Speed Ahead you ve heard that before right? It was said by Admirial David Farragut during the Battle of Mobile Bay.

And I had my camera.

Three years ago I had no credit.

I ve noticed this about myself pretty much most of my life.

The kid and the husband descended on that lovely stairwell of nightmares you see in the first picture.

If you read Shift in Time you ll remember that I mentioned Fort Morgan a few times.

I could see the wall with the large scar about head height on Alaina and some of the writing on the left wall.

No one fell off the wall.

We paid a thousand dollars a month to rent that tiny little house.
