That got longer when we drove out to Fort Morgan.

The pictures show a white washed room with scarred walls and what looks like more modern hand graffiti on the walls but in reality there was very little light and most of what is in the picture couldn't be seen in the room itself. We lived in a house that was essentially smaller than most apartments and we had four kids.

But dammit I want it all to be the way I want it and screw everyone else.

So we took a drive back in time.

There may not be fresh water, hunting would be good but vegetables and fruits would be a rare treat.

I m a control freak.

It s not exactly dark in here, more like very shadowed.

Anyway, Fort Morgan is one of two forts guarding the mouth of Mobile Bay and played a role in history as the site of one of the last sea battles of the Civil War.

We drove over to the Eastern Shore.
