I haven't been out to the eastern Fort since the storms.

I'm a control freak.

What the flash revealed did kind of creep me out.

I set Fane's first life as a soldier on Fort Morgan peninsula and on a fictional mythical island that if it existed would be somewhere nearby.

Mobile is on the western shore.

There's no lighting in these rooms.

Three years ago I wanted to buy a house- a new house.

But I was trained to not make waves and to keep my opinions to myself and to shut my trap.

Incidentally, there are photos of the fort in the link above to give you some historical perspective.

the place to be quite beautiful, and eerie in its isolation.
