I set Fane s first life as a soldier on Fort Morgan peninsula and on a fictional mythical island that if it existed would be somewhere nearby.

But I was trained to not make waves and to keep my opinions to myself and to shut my trap.

What the flash revealed did kind of creep me out.

Incidentally, there are photos of the fort in the link above to give you some historical perspective.

I haven t been out to the eastern Fort since the storms.

Alaina says the orbs are sun spots or something reflected or or or.

I m a control freak.

Anyway, moving on, the other fort Fort Gaines is on the western side on Dauphin Island.

Mobile is on the western shore.

I d done what most women who married young or in a certain time period did, I did not build credit in my name that was not attached to my husband s name.
